Objective

Passionate 3rd-year CSE student aiming for a Junior MERN Stack Developer role. Strong grasp of MERN stack development with hands-on projects. Skilled in building full-stack responsive web applications using React, Node.js, and MongoDB. Eager to contribute to real-world projects and grow within a collaborative, fast-paced development team.

Technical Skills

- **Languages:** JavaScript, HTML5, CSS3
- **Frameworks/Libraries:** Tailwind CSS, React.js, Node.js, Express.js,
- **Database:** MongoDB,
- **Tools & platforms:** Git, GitHub, RESTful APIs, VS Code, Netlify, Vercel
- **Concepts:** Responsive Design, MVC Architecture
- **Practice Areas:** Data Structures, Algorithms, Competitive Programming

Projects

🚀 **Personal Bookmark Manager Application** | 🔗 <https://smartbookmarks.netlify.app/login>

Duration: July 5, 2025 – July 6, 2025

Tech: React, LocalStorage, HTML/CSS, Netlify

- Developed a full-stack Bookmark management application with user authentication and CRUD functionalities.
- Implemented frontend with React, backend with LocalStorage for data persistence.
- Deployed the app on Netlify and ensured responsive design for mobile and desktop use.

🚀 **Cryptocurrency Tracker Application** | 🔗 <https://cryptoplace-x.netlify.app/>

Duration: July 2, 2025 – July 3, 2025

Tech: React, REST API, Tailwind CSS

- Built a dynamic product catalog frontend using React with API integration for product data fetching.
- Focused on clean UI/UX and implemented filtering and search features using JavaScript and Tailwind CSS.

Education

🎓 Bachelor in Computer Science and Engineering

American International University-Bangladesh, Dhaka

Expected Graduation : January 2027

Relevant Coursework: Data Structures and Algorithms, Web Development, Database Management system

Certifications

- Complete Web Development Course (Level-1) | Programing Hero | 2023
Covered: HTML, CSS, Tailwind CSS, Javascript, React Js, Next js, Firebase, Node.js, Express.js, Git, Github

Extracurricular Activities

- **Member, University Coding Club** (2023–Present)
Participated in multiple university-level hackathons and coding challenges.
- Regular participant in online and in-person hackathons.
- Regularly solve problems on platforms like Codeforces, Codechef and participate in daily coding contests to sharpen problem-solving skills.
